Süssen, March 29, 2007

Celebrating the 2,000,000th EliTe[®] Compact Spindle

As already reported earlier the 2,000,000th EliTe[®] Compact Spindle was delivered to our esteemed Turkish customer MATESA Tekstil Sanayi ve Ticaret A. .

In a little ceremony in the premises of Matesa A. ., Kahramanmaras, Turkey on March 27, the Owner of Matesa Mr. Galip Çalık received a symbolic Award out of the hands of SUESSEN Area Sales Director Mr. Kaan Atsu.

Mr. Çalık proudly accepted the award mentioning the good luck to be chosen from among so many customers.

Mr. Çalık presented to his invited guests the very new Matesa Company Video and answered questions from the present press people concerning the company Matesa and expectations of compact ring spinning. A company tour followed by a shared lunch rounded off the event.

Matesa Company data:

Out of their total capacity of almost 70,000 conventional ring spindles the company now also processes top quality compact yarns for their own weaving and knitting facilities.

MATESA Tekstil A. . was founded in Maras in 1989. First concentrating on yarn manufacturing MATESA Tekstil A. . today is one of the largest and strongest integrated textile companies in Turkey, employing more than 3000 workers.

The four open-end facilities with over 12,000 rotors produce 1,400 tons of yarn per month; the 3 ring spinning facilities with almost 70,000 spindles deliver 1,200 tons.
The range of MATESA's yarn production varies from NE 6/1 to Ne 100/1: 100% cotton, mélange, viscose, polyester/viscose, cotton/polyester, acrylic/cotton, blended yarns with lycra and slub yarns. EliTe[®] Compact Yarn now completes the product range!

Past events celebrating sales figures of EliTe[®] Compact Spindles:

Only 1 ½ years ago during the exhibition ITMA Asia, October 2005 in Singapore, SUESSEN celebrated with their customers and friends the 1,000,000th EliTe[®] Compact Spindle, awarded to Mr. Ejaz of Ejaz Group of Companies, Pakistan.

Only 9 months ago in July 2006, SUESSEN awarded Super Spinning Mills Ltd. India with the 1,500,000th EliTe[®] Compact Spindle.

SUESSEN, Spindelfabrik Suessen
– Press Release –

The very short time span between these happy events convincingly shows, that EliTe® Compact Spinning has been universally accepted as *the preferred* way to produce highest quality compact yarns, making SUESSEN the No 1 in number of compact spindles sold worldwide.

We thank all our customers world-wide who have contributed to this success!
