Süssen, June 20, 2007

ITMA Munich 2007, Germany, September 13 – 20

SUESSEN exhibits in Hall A6 / Booth 315/414

SUESSEN - The Leader in Compact Ring Spinning and Rotor Spinning Technology

As a Pioneer in Compact Spinning Technology, SUESSEN is the acknowledged Technology Leader and the most successful provider of Compact Spinning Systems to the market, with over 2,300,000 EliTe® spindles installed to-date.

SUESSEN is the exclusive supplier of Open End SpinBoxes for RIETER's R-40 and for SAVIO's FlexiRotorS 3000/Duo-Spinner fully automated OE Spinning machines.

In addition, SUESSEN designs and manufactures the original Premium Parts Spinning Components and Spare Parts for all the SE 7 to SE 10, SC and SQ SpinBoxes for open-end rotor spinning machines.

We cordially invite you to our Exhibition Stand in Hall A6, Booth 315/414.

SUESSEN Exhibits at ITMA Munich 2007

Significant Innovations in ring spinning “*shown for the first time*”:

On a ring spinning machine our new stage of expansion **EliTwist® CompactSet V5** will process 100% cotton into EliTwist® Yarn Ne 100/2 (compact two-ply yarn directly from the ring spinning machine) at 22.000 rpm.

A number of important innovations will be shown in action right on this machine.
